Reissue (T61s)

From: SAN FRANCISCO

To: MOSCOW

No: 133

19 March 1944

To VIKTOR[i].

"BRUSOV"[ii] has passed on a description of the "B-25J", information about a new version of the installation in the nose of the "B-25" of 8 machine guns, and [B6 voluminous] material on the "B-25J". Inform whether the data about the "B-25J" and the version of the machine gun installation should be telegraphed to you.

"MYASNIK"[iii] reported that "AL'NA"[iv] [3 groups unrecovred] to us his service. "AL'NA", with whom I am acquainted personally, asked "MYASNIK" to organize a meeting with me for clarification of the question of how he can be useful to us. In my opinion such a meeting is expedient. I request instructions.
